THE NEXT GENERATION VRF

Awarded No.1 Sales Dealer in
in INDIA for 22 Years

Awards & Achievements

A marvellous journey that began in 1992 has since evolved and has become one of the leading sales and service partner for Hitachi. Offering clients the best in quality and service has been the primary principle at Golden Refrigeration Co. since its inception by Mr. Dipu Sharma, a visionary with astute business acumen and foresight. Most importantly, we cater to clients of all budgets and preferences which has made us no. 1 air conditioning solution provider for all kinds of commercial as well as residential applications. Along with a dedicated team of 300+ prolific staff, Mr. Dipu Sharma and his sons Aditya Sharma and Anant Sharma stand tall on the promise of serving their client with the absolute best in both product and after-sales service.

Message from the Director | **Positive thoughts are the Wings of Success**

The competitive strength of a company should be measured not by the volume of sales or the range of innovation, but by the extent of involvement of all the association in the quality improvement process.

We've kept that step ahead by listening carefully to our customers over the years, by paying expert attention to an ever-changing economic environment and by giving our people the opportunities to realize their potential.

As we look at the road ahead, we are determined to exceed our historical success. And we'll do it by constantly increasing the value of our offerings to our customers and increasing the caliber of our services to such a high level, that our name will become synonymous with customer satisfaction.

Dipu Sharma (Director)

Nothing is impossible for the determined: What started in 1992 in a 250 sq. ft. area today spreads over 30000 sq. ft. office area. The Company has carved a unique image in the industry by setting several benchmarks in the Real Estate, Retail showrooms & Shopping malls and Corporates. Dedicated to deliver best quality and services ensuring customer satisfaction.
